keyanhuang3@gmail.com | 832-416-0926 | Mountain View, CA | www.linkedin.com/in/keyanhuang

Product Designer specializing in enterprise B2B SaaS, complex workflows, and data-intensive management tools. Translates ambiguous requirements into clear product direction through user research, systems thinking, and cross-functional collaboration.

Skills

Design Skills: Product Strategy · End-to-end Product Design · Interaction Design · Complex Workflow Design · Information Architecture · User Research · Usability Testing · Enterprise B2B SaaS · Data Visualization · Design Systems · Accessibility

AI Prototyping: AI-assisted Design Workflows · AI Prototyping · Vibe Coding · Prompt Engineering · Rapid Experimentation

Technical Tools: Figma · Codex · Claude Code · GitHub · HTML/CSS · React (Working Knowledge) · Adobe Creative Suite

Professional Experience

Paycom

Product Designer | Dallas, Texas | 2024 - 2026

- Owned **2** HRCM products (Personal Action Form and Performance Discussion Form) as the sole designer, contributing to **20+** initiatives across employee and performance management.
- Managed **3** concurrent projects across **5** PMs and **3** development teams on problem definition, validation, handoff, and QA.

Personnel Action Form (PAF) · **350K** manager users

- Spearheaded PAF's first end-to-end redesign since launch, resolving fragmented workflow and information-architecture conflicts, and establishing **4** reusable design patterns.
- Validated **3** core workflows through usability testing across **15** task attempts, achieving an **80%** unassisted completion rate; translated findings into leadership approval and top-tier engineering roadmap priority.
- Rearchitected the supervisor-approval flow to remove redundant steps, cutting the employee-transfer process time by **50%**.

Performance Discussion Form (PDF) · **115K** manager users

- Challenged a predefined dashboard direction and reframed it around in-the-moment and longer-term performance analysis, driving a **25%** increase in landing-page adoption.
- Transformed a legacy, text-heavy landing experience to surface **60%** priority actions, data trends, and performance insights previously hidden in the module.
- Established a lifecycle framework defining key states; adopted by the PAF and ATS redesign teams.

Cross-Team Impact

- Co-led Modal vs. Drawer research through prototyping and usability testing, contributing to the platform's dashboard-customization feature and establishing reusable interaction guidelines across product applications.
- Mentored **2** design interns over **3** months through biweekly 1:1s, onboarding, design critique, research, and project guidance.

Product Design Intern | Oklahoma City, OK | Summer 2023

- Designed a multi-level CRM architecture to streamline sales workflows and improve access to client information.
- Conducted **16** user and stakeholder interviews to drive product and data visualization recommendations.

At Bat, Inc.

Graphic Designer | Remote | 2021 - 2023

- Illustrated two 50-page educational workbooks for **250** school-age baseball athletes, translating technical training content into clear, accessible visual instruction.

Education

The University of Texas at Austin | Austin, Texas

Bachelor of Fine Arts in Design | GPA 4.0

Leadership

Design for America at UT Austin - Project Manager | 2022 - 2024

AIGA Student Chapter - Program Director | 2021 - 2022
